Report on SSIP 2.0 Sensitization Program

Organized by SSIP Cell, Government Engineering College, Patan

Date: 05th August 2025 | **Time:** 03:30 pm to 04:30 pm

Venue: Computer Science and Engineering Department, GEC Patan

The SSIP Cell of Government Engineering College, Patan organized an SSIP 2.0 Sensitization Program exclusively for the students of the Computer Science and Engineering (CSE) Department on 05th August 2025. The purpose of the session was to create awareness among students regarding the Student Startup and Innovation Policy (SSIP) 2.0 and to encourage them to develop innovative ideas and solutions aligned with PoC (Proof of Concept) and IPR (Intellectual Property Rights) goals.

Prof. Harshad L. Chaudhary, a faculty member of the CSE Department and an active contributor to innovation-based student activities conducted the session. The session began at 03:30 pm and concluded at 04:30 pm, with active participation from over **75 students**.

Prof. Chaudhary delivered an engaging and motivating session, beginning with an overview of **SSIP 1.0** and its transition to **SSIP 2.0**, which includes broader funding opportunities, a greater focus on prototype development, and a streamlined path toward pre-incubation and IPR filing. He emphasized the importance of innovation in technical education and encouraged students to convert their ideas into impactful projects.

Key highlights of the session included:

- Introduction and vision of SSIP 2.0
- Eligibility and process for submitting ideas and PoC proposals
- Importance of design thinking, identifying real-world problems, and user-oriented innovation
- Guidelines for preparing PoC proposals and documentation support
- Overview of IPR processes such as patenting, copyrights, and design registration
- Showcasing successful SSIP projects from past cohorts
- Details on financial support and mentoring structure under SSIP 2.0

The session also included an open interaction, where students posed insightful questions regarding the nature of PoC, team formation, timelines, and the patenting process. Prof. Chaudhary addressed each query with clarity and inspired students to think innovatively beyond the traditional curriculum.

The event proved to be impactful in fostering an innovation-oriented mindset among the CSE students and contributed positively towards strengthening the SSIP ecosystem at GEC Patan.
