Organized by: Women Development Cell, Government Engineering College, Patan

Date: 14th March 2023

Time: 2:00 PM to 4:00 PM

Total Participants: 52 Students

The **Women Development Cell of Government Engineering College, Patan**, organized an inspiring seminar on “**Women Entrepreneurship and Self-Development**” on **14th March 2023** as part of the initiatives aligned with the **G-20 Summit 2023**. The seminar aimed to empower young women with entrepreneurial skills and foster a spirit of self-confidence and leadership among students.

The session featured a special address by a distinguished **Guest Speaker from ITI Rajpur**, who shared valuable insights into the world of entrepreneurship. The speaker highlighted the importance of self-belief, continuous skill development, and innovative thinking in building successful entrepreneurial ventures. Drawing from real-life examples and case studies, the session encouraged students to view entrepreneurship not only as a career option but also as a way to contribute meaningfully to economic and social development.

During the two-hour interactive session, students were introduced to various government schemes and support systems available for women entrepreneurs. The speaker emphasized the significance of resilience, financial literacy, effective communication, and networking in entrepreneurial success. Students actively participated by asking questions, sharing their aspirations, and discussing potential startup ideas.

With **52 enthusiastic participants**, the seminar successfully ignited a spark for innovation and self-growth among the students. It served as a platform to inspire young women to dream big, take initiative, and transform their ideas into impactful ventures, thus contributing to the vision of a progressive and self-reliant India under the G-20 framework.

Glimpses of the Event
