AWARD CEREMONY

MOTIVATION OF OPEN HOUSE EVENT

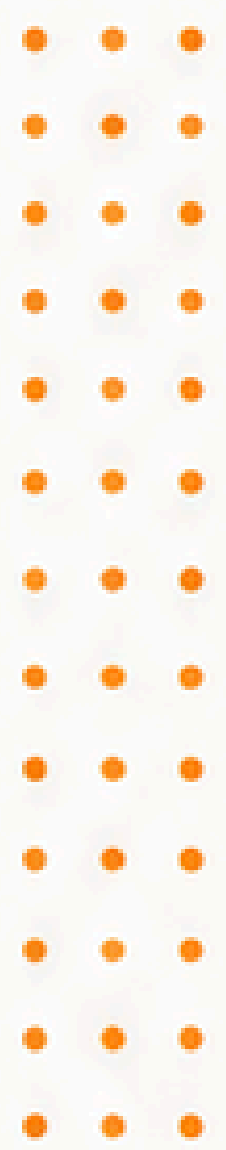

Under the visionary leadership of
Honorable Principal **Dr. B. J. SHAH,**

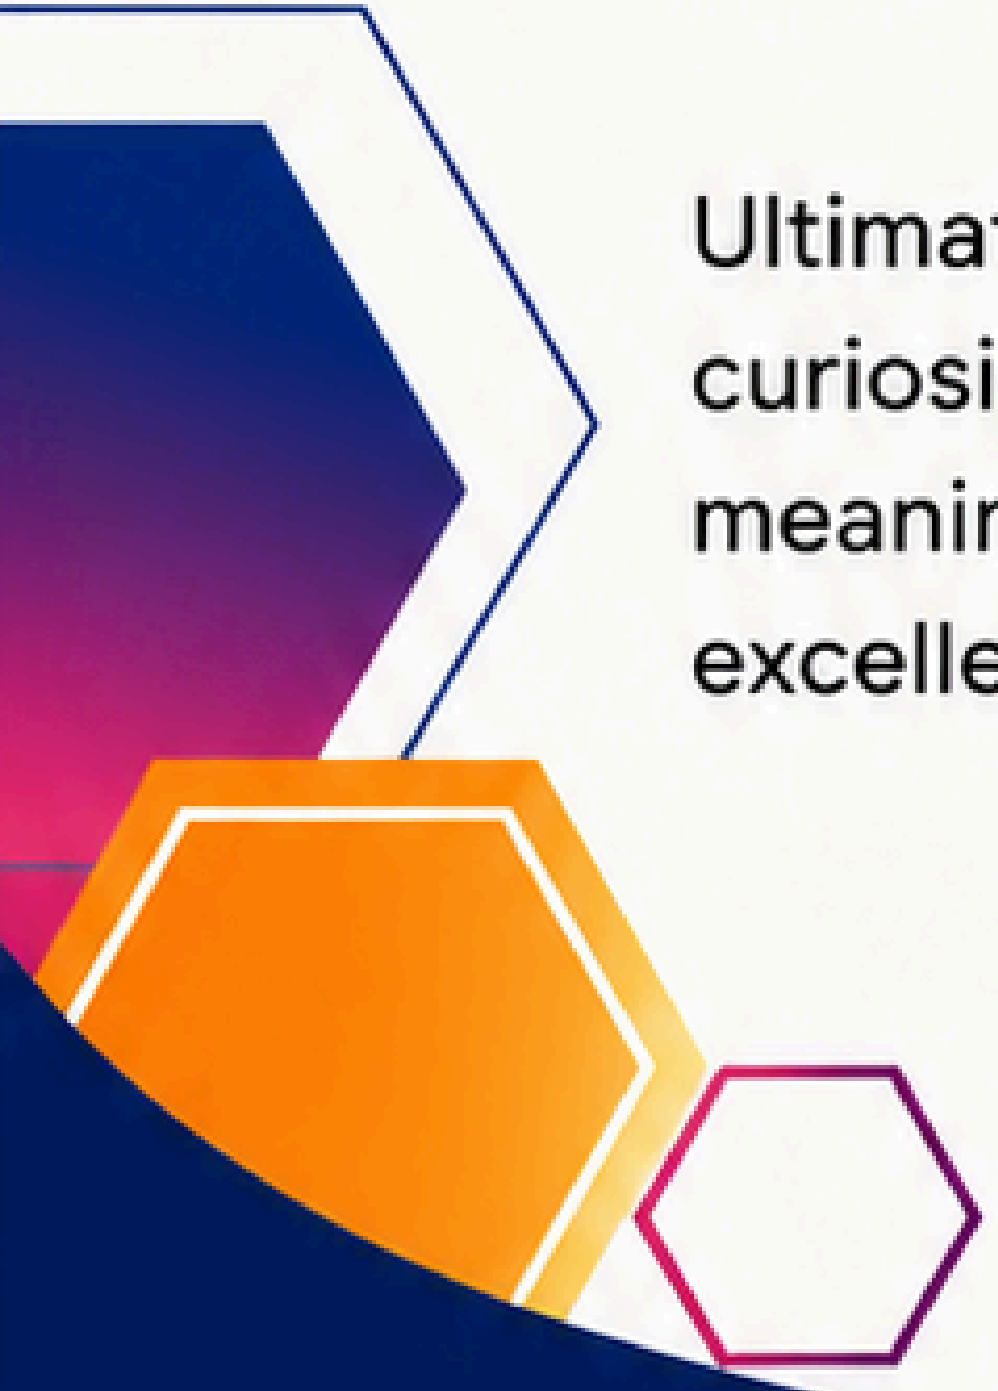

Government Engineering College, Patan believes in empowering students with the right platform to think, innovate, and excel. The Open House Event is one such initiative that fosters a culture of creativity, technical exploration, and knowledge sharing among students from within the institute and nearby colleges.

The event is designed to provide students with an opportunity to present their innovative ideas, projects, and research work in various fields of engineering and technology. It encourages them to explore real-world challenges, develop practical solutions, and transform their ideas into impactful outcomes.

Open House serves as a bridge between theoretical learning and practical application by promoting interaction with experts, peers, and faculties. It motivates students to think beyond the classroom, work collaboratively, and enhance their technical, communication, and presentation skills.

Ultimately, this initiative aims to nurture confidence, ignite curiosity, and shape future-ready engineers who will contribute meaningfully to society through innovation, integrity, and excellence.

IMPORTANT LINKS TO REFER

- [OPEN HOUSE EVENT – FULL DETAILS](#)
- [Open house evaluation sheet](#)
- [Technical Open House 2026 – Event Video](#)
- [Certificate Verification Link](#)

- The **“Important Links to Refer”** section above provides quick access to all essential resources related to our event. Through these links, participants can **register their groups**, **submit their creative entries**, **mark attendance** for offline events, **check results** and updates, and share their **feedback**. These links are designed to ensure a smooth, transparent, and efficient experience for all participants.
- Our event is a platform that encourages innovation, communication, and creativity through four exciting competitions. **Social Media Competition** and **Video Clip Competition** are **online** events, allowing participants to showcase their ideas digitally. **Language Competition** and **Poster Making Competition** are **offline** events, which will be conducted on **17th April 2026**, providing a live and interactive experience for all participants.
- A total of **64 groups** have registered for this event, and for smooth coordination, the participants are divided into **4 different slots**. This arrangement ensures equal opportunity, effective time management, and a fair platform for every participant to present their best.
- Recognition and appreciation are an important part of this event. In the **Social Media Competition**, **3 group winners** will be selected. In the **Video Clip Competition**, **3 group winners** will be awarded. For the **Poster Making Competition**, **12 group winners** will be recognized. The **Language Competition** is an individual event based on students’ presentation skills, where **12 student winners** will be selected.
- This event brings together creativity, knowledge, and communication under one platform, inspiring students to express, explore, and excel. We look forward to a successful and memorable event filled with learning, enthusiasm, and achievement.

CONCLUSION

The Open House Event has been a remarkable platform that encouraged creativity, innovation, and collaboration. It provided students with the opportunity to showcase their ideas, learn from each other, and interact with experts and peers.

The enthusiasm and active participation made this event a grand success.

We hope the knowledge gained and the experiences shared will continue to inspire you to think bigger, work smarter, and achieve greater.

Keep exploring, keep innovating, and keep making a positive impact through your ideas!

Thank You!

To all participants, faculty, coordinators, and volunteers who made this event possible.

Your support, efforts, and dedication are truly appreciated!

Together, we build *ideas*.
Together, we build the *future*.
