| <b>Title</b>           | Sanchar Saathi Seminar  |
| <b>Date and Time</b>   | 20/12/2025, 01:30 pm onwards  |
| <b>Mode of Conduct</b> | Offline Mode  |
| <b>Venue</b>           | Seminar Room (204), EC Engineering Department, GEC Patan  |
| <b>Expert Details</b>  | Not Applicable  |
| <b>Organized By</b>    | EC Engineering Department, GEC Patan  |
| <b>Objective</b>       | <p>The primary objectives of the seminar were:</p> <ul style="list-style-type: none"><li>• To educate students about telecom fraud and cyber threats</li><li>• To introduce the Sanchar Saathi portal and mobile application</li><li>• To explain methods for reporting suspicious communications</li><li>• To promote safe and responsible use of mobile services</li></ul>  |
| <b>Description</b>     | <p>A seminar on “<b>Sanchar Saathi – A Citizen-Centric Telecom Security Initiative</b>” was conducted for the <b>Semester 3 students of the Electronics and Communication Engineering Department</b> to promote awareness about telecom security and digital safety. The session focused on educating students about cyber threats, telecom fraud, and responsible mobile usage.</p> <p>Students were introduced to the <b>Sanchar Saathi portal and mobile application</b> launched by the <b>Department of Telecommunications (DoT), Government of India</b>. Key services such as reporting fraud through <b>Chakshu</b>, blocking lost mobile phones using <b>IMEI numbers</b>, verifying SIM connections, and identifying suspicious calls were explained with practical examples.</p> <p>The seminar encouraged students to stay alert, adopt safe digital practices, and actively contribute to preventing telecom fraud. The session received positive participation and helped strengthen students’ understanding of cybersecurity and telecom safety.</p> |
| <b>Participants</b>    | <ul style="list-style-type: none"><li>• Undergraduate students of the Electronics and Communication Engineering Department (Total: 40)</li><li>• Faculty members of the institute (Total: 2)</li></ul>  |
| <b>Outcomes</b>        | <ul style="list-style-type: none"><li>• Increased awareness about telecom and cyber security</li><li>• Better knowledge of fraud reporting mechanisms</li><li>• Encouragement to use official government platforms</li><li>• Improved digital responsibility among students</li></ul>   |
| <b>Conclusion</b>      | <p>The Sanchar Saathi seminar for Semester 3 EC students was informative and successful. It enhanced students’ awareness of digital safety and encouraged them to take an active role in preventing telecom fraud. Such awareness programs are essential for building a secure digital future.</p>  |
