# Details of Navratri Celebration

On **25th September 2025**, Government Engineering College, Patan (GEC Patan) celebrated its grand Navratri festival, **Thanganaat 2025**, with immense devotion, enthusiasm, and cultural vibrance. The event brought together over **300 students, faculty members, and staff**, filling the campus with festive joy and the spirit of togetherness.

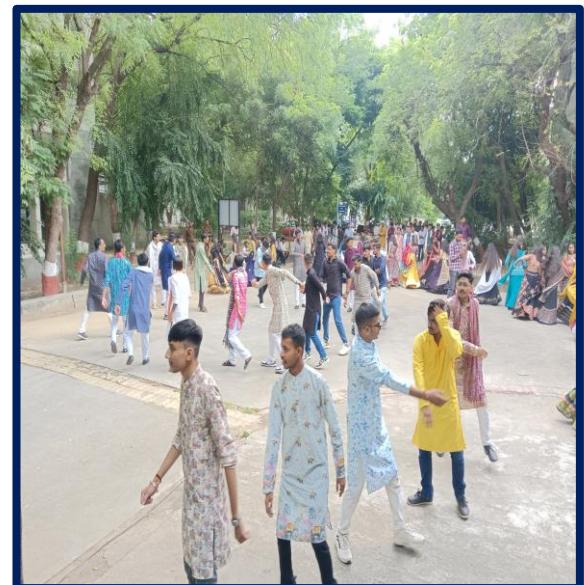

The celebration began on an auspicious note with a **soulful Aarti of Maa Ambe**, performed by our respected **Principal Sir, Dr. Bharat J. Shah**. His heartfelt prayers for the prosperity, peace, and well-being of the GEC family set a divine tone for the evening and invoked blessings of the Goddess.

Following the Aarti, the celebration transformed into a vibrant display of **Garba and Dandiya Raas**. Students and faculty, dressed in colourful traditional attire, enthusiastically joined in, creating an enchanting atmosphere filled with rhythmic beats, graceful twirls, and vibrant energy. The campus resonated with devotion, music, and dance, reflecting the true cultural essence of Gujarat.

With enthusiastic participation and unity, **Thanganaat 2025** became more than a festive event — it was a celebration of culture, tradition, and community bonding. The evening will be cherished as a memorable occasion of devotion, joy, and cultural pride for the entire **GEC Patan family**.

## Glimpses of the Event

THANK  
YOU
