INSTITUTE GLIMPSES

Government Engineering college Patan end searingly known as G.E.C.P is situated at the scenic village katpur Patan city. Started in 2004 with an aim of imparting quality higher education in various fields of engineering, it has seen unprecedented growth. It is affiliated with Gujarat Technological University & administrated by Directorate of Technical Education, Government of Gujarat.

From the Desk of Principal

Principal

Dr. H .S. Patel

I am delighted to welcome you all to the Government Engineering College Patan and I hope to convey the passion and enthusiasm that both staff and students bring to represent our college having a great tradition of developing high technical academic excellence and overall personal growth of the students. The main motive of technical education is to enrich

our students to develop a ability to reason out facts and this is achieved by giving them great scholarly climate, best in class infrastructure, well equipped laboratories, and committed and highly qualified faculty members with many years of educating and modern experience creative and field oriented teaching-learning practices along with other developmental activities.

GECP always navigating the intricate athwart ocean of science and engineering via the power of the human mind, body, and soul. Management, faculty, and staff strive to inculcate students and self-realize the harmony of human life and nature through applications of science, engineering, and technology., As this is precisely our long-term goal. It is what motivates the work of everyone from faculty and staff, to students and alumni. It inspires our teaching and research.

Institute Landmarks

Mandate

To impart the technical education as per the state and national policy which satisfy the current needs of the society, to interact with the industry and research organizations for the integrated growth, to make the liaison with statutory and professional Organizations and to provide the training and research opportunities to the student and faculties in best possible manner.

Vision

To prepare Human Resource with value based competency for technical advancements and growth of society.

MISSION

To deliver technical programs and services to cater the current needs of society and industry.

Helping industries in solving challenges by means of providing best technical human resources

To contribute in sustainable growth of society

NEWSLETTER DETAILS FOR GEC PATAN (APRIL-JUNE 2023)

1. DEPARTMENTAL ACTIVITIES

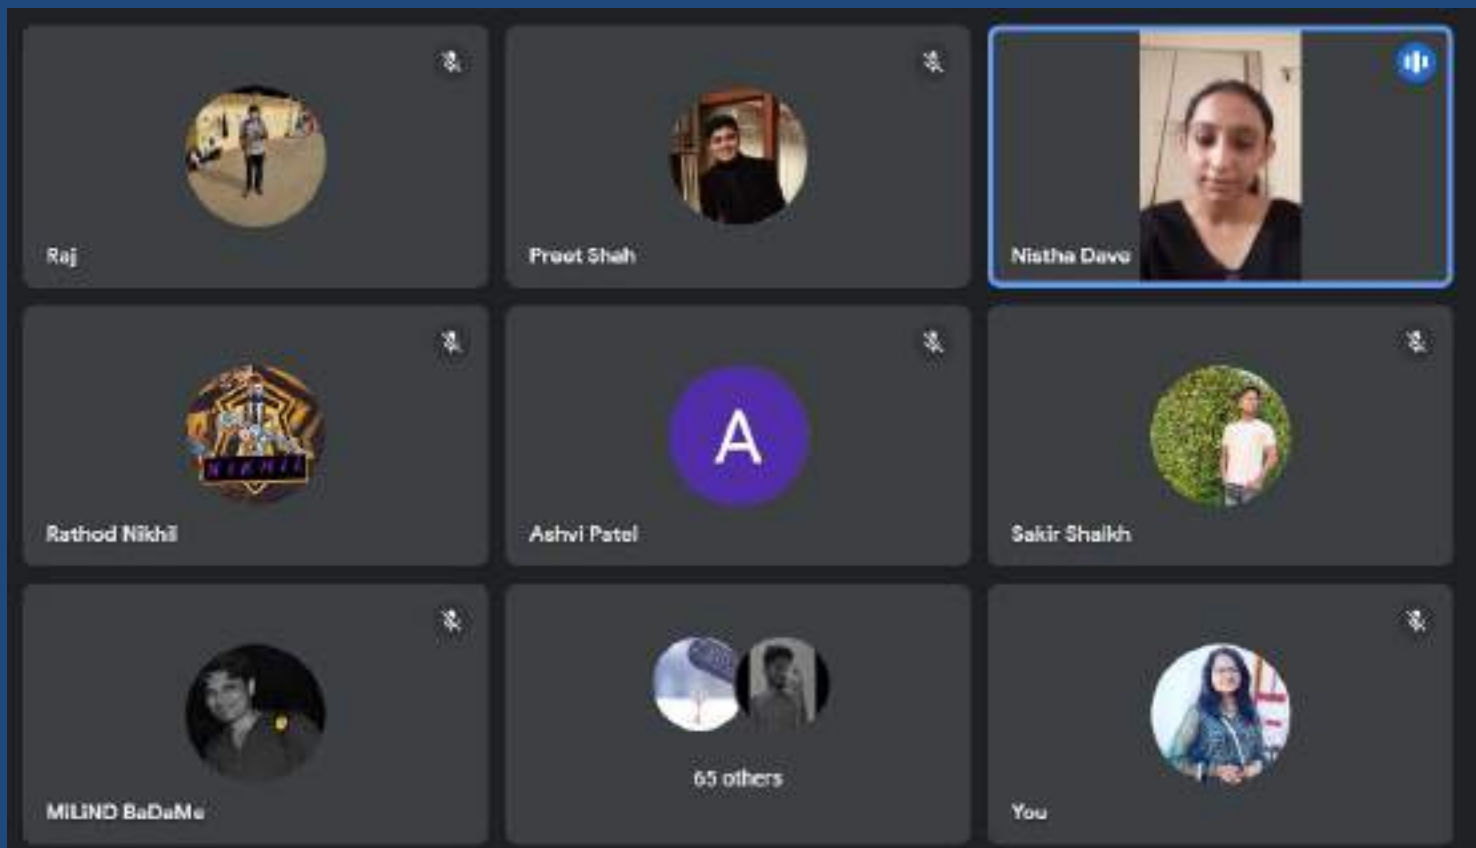

Computer Science & Engineering Department

Event -1: Seminar “Fundamentals of QA Engineering”

Dated: 28/5/2023

The session was conducted online as a webinar considering the essential knowledge about how software testing is done and quality assurance of software product, what are the scope in that field. Testing work on a software testing life cycle which include various phases like: Analysis, test planning, test case development, environment setup and test execution. Discussed about types of testing.

2. FACULTY ACTIVITIES

Computer Science & Engineering Department

TRAINING ATTENDED BY FACULTIES:

Sr. No	Title	Name of the faculty	Place	Duration
1	The Joy of Computing using Python	Dr K C Suthar	MOOC	JAN 23 TO APRIL 23(12 WEEKS)
2		Prof. B.P.Patel		
3		Prof M.J.Patel		
4	Computer Networks and Internet Protocol	Prof A.V.Panchal		
5	Quantum Algorithms and Cryptography	Prof.Y.B.Patel		
6	Quantum Algorithms and Cryptography	Prof.V.B.Pansiniya		
7	Introduction to programming in C	Prof.M.J.Vasava	MOOC	JAN 23 TO MARCH 23(8 WEEKS)
8	Introduction to programming in C	Prof D.U.Bavisa	MOOC	JAN 23 TO MARCH 23(8 WEEKS)
9	Design Engineering GTU	Prof D.U.Bavisa	GTU	24/4/23 TO 29/4/23
10	The Joy of Computing using Python	Prof J.P.Patel	MOOC	JAN 23 TO APRIL 23(12 WEEKS)

Mechanical Engineering Department

TRAINING ATTENDED BY FACULTIES:

Sr. No	Title	Name of the faculty	Place	Duration
1	Introduction to Programming in C	Prof. D.J.Paramar	Swayam NPTEL	16/01/2023 to 31/03/2023
2	E-Content Development	Prof. M.G.Patel	Swayam NPTEL	01/07/2023

Civil Engineering Department

1. Prof. V.D.Patel was co-ordinator of two days workshop on “AutoCAD & Revit Architecture” during 20/04/2023 to 21/04/2023.
2. Dr V.M.Patel was convener of two days workshop “AutoCAD & Revit Architecture” on 20/04/2023 to 21/04/2023.
3. Prof. M.I.Balya was Co-coordinator of two days workshop on “AutoCAD & Revit Architecture” during 20/04/2023 to 21/04/2023.

Mechanical Engineering Department

In Indian culture and tradition, Guru has been given a higher position than God. It is the Guru who illuminates the life of the disciple with the light of education and knowledge and it is the Guru who paves the path of progress for his disciple. Guru PurnimaParv is organized by the Mechanical Department as a humble cultural initiative to show gratitude and respect to the Guru.

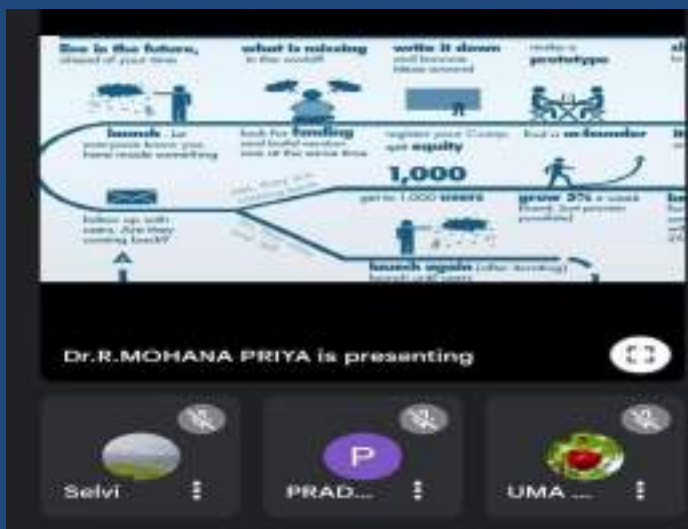

- Khanjiraishabdulkhalif has successfully attended workshop program on autocad software.
- Suthar karankumar ashvinbhai successfully completed every module within technical writing skills. Place:- online platform date:- 20/04/2023

Electronics and Communication Department

Electronics and Communication Department students have participated in Impact Lecture on “Business Model Canvas ” by an Expert Dr. R.Mohana Priya Associate Professor of ECE Department , IIC Convener and Innovation Ambassador, Pavaai Engineering College, Pachal , Nammakal District.

This program was organized on 2ND May 2023 Tuesday in the time duration of 6:30 P.M. to 7:30 P.M. by virtual mode of Google Meet. Speaker has given a so much valuable tips to student regarding Business Model Canvas , student start-up program as well as Legal and Ethical Steps . Students have interacted with the speaker eagerly and encouraged to do the needful in the area of Business Model Canvas and Start-up as well as Legal and Ethical issues.

4. NATIONAL SERVICE SCHEME (NSS) ACTIVITY

[1] “VIOLENCE FREE WORLD ” on 5 th MAY, 2023 at GEC, PATAN

On 10th May 2023, a presentation on Non Violence is the biggest religion was given by Professor V.B. Pansiniya, at the seminar hall CSE department. The presentation was attended by students and faculty members from different departments. The aim of the presentation was to create awareness about the positive impact of vegetarianism on health, the environment, and animal welfare.

Prof. V.B. Pansiniya began the presentation by defining vegetarianism as a dietary practice that excludes meat, poultry, and fish. He explained that a vegetarian diet is rich in fiber, vitamins, and minerals, and can help prevent chronic diseases such as heart disease, diabetes, and cancer.

He then talked about the environmental impact of animal agriculture, explaining how it contributes to deforestation, greenhouse gas emissions, and water pollution. He emphasized that adopting a vegetarian diet is one of the most effective ways to reduce one's environmental footprint.

He also discussed the teachings of every religions do advocate for vegetarianism or emphasize compassion towards animals.

The presentation on the benefits of a vegetarian diet was an informative and insightful event. Prof. V.B. Pansiniya was able to effectively convey the message that adopting a vegetarian diet can have positive impacts on health, the environment, and animal welfare. The event was successful in generating discussion and encouraging the audience to consider the benefits of vegetarianism. Overall, it was an inspiring and educational experience for everyone who attended.

Major Outcomes of Event

- Increased awareness about the positive impact of vegetarianism on health, the environment, and animal welfare.
- Understanding the ethical implications of consuming animal products and the importance of reducing animal suffering.
- Encouraged participants to consider a vegetarian diet compared to a non-vegetarian diet.

[3] International Yoga Day Event organised on 21 st June 2023 by NSS GEC Patan

On 21st June International Yoga Day is celebrated all over globe with the good intentions of making people of globe stress free, and fit to protect themselves from all the health related problems and protect them from negativity spread around the world.

As a part of these NSS GEC Patan organised a yoga session in college campus for motivating students for performing yoga every day which would help in reducing stress level which is a major issue among students nowadays and making youth of India fit and stress free.

One of the student named Dewanshi Gauswami guided everyone with different yoga asanas and explained the importance of each asanas. In this all faculties of college including principal also joined to motivate the youth and show their interest towards fitness . We started at 6:30 and performed different asanas for around 1:30 hour also understanding the importance of each asanas.

Major Outcomes Of the Event

- An Importance of Yoga was spread among the youth.
- A positive energy was spread among the people present there.
- Everyone got to know about the different asanas of Yoga.

Glimpse of the Event

[4] Tree Plantation Event organized on 27th June 2023 by NSS GEC Patan

On 27th June 2023, Tree Plantation event was organized by NSS Volunteers in order to give their contribution to increase the number of trees which are gradually decreasing by our human activities. As a part of these NSS GEC PATAN had organized a tree plantation to conserve the environment and spread awareness about how important trees are for our environment.

On 27th June 2023, NSS GEC PATAN had organized a tree plantation event in which NSS Volunteers had actively participated, all the volunteers gathered at 8:00 am in the morning for the plantation. Various kinds of plants had been planted like Rose, Jammun, Guava, etc.. Groups of 4 volunteers were made and all the volunteers were parted and planted the plants in different parts of the college campus. The Principal of GEC PATAN and other faculties also contributed in planting the plants in college.

In this way, the target of 30 plants to be planted had been successfully achieved by NSS Volunteers. The tree plantation event at GEC PATAN proved to be successful in promoting environmental consciousness and beautifying the college campus.

Major Outcomes of the Event

- An Importance of Trees plantation among students had been spread.
- Contribution had been given in increasing number of trees.
- Helped in raising awareness about environmental issues such as Deforestation.
- Importance of tree conservation.
